GERMAN PLAN OF ATTACK ON 3^d DIVISION FRONT

MAP No 103

CAPTURED GERMAN MAP SHOWING PLAN OF OFFENSIVE OF THE 10th INFANTRY DIVISION IN ATTACK ON THE MARNE BEGINNING JULY 15th, 1918.

"The Third Division was holding the bank of the Marne from the bend east of the mouth of the Surmelin to the west of Mezy, opposite Château-Thierry. The Third Division prevented the crossing of the Marne, which line it held throughout the powerful German attack. The map shows the proposed main line of resistance which the Germans hoped to reach on the first day of the attack. Not a single German passed the Fossoy-Crezancy road.
